

This newest email by Stella Reddy is absolutely remarkable and just another great example of Stella Reddy playing

the fearful victim despite never producing ANYTHING from our family that could even remotely be interrupted as being

even vaguely threatening or intending to harm her or her family. NOTHING!!!

The below is well document in the paper work with evidence that is filed with the SJTO/HRT0 on how...

☒ Stella Reddy had NO FEAR at the time...

when she has made her false accusations that she knows I beat my wife [REDACTED] on numerous occasions in her emails and on her websites.

☒ Stella Reddy had NO FEAR at the time...

when she has made her numerous threats of physical violence and harm against our family and children in her emails and on her website.

☒ Stella Reddy had NO FEAR at the time...

when she has threaten retaliation against our children and hopes they are punished by the SJTO/HRT0 in her emails and on her websites.

☒ Stella Reddy had NO FEAR at the time...

when she was sitting on her 4th floor balcony laughing, talking excessively loud and recording our family on her phone for hours upon end while we moved out of the building.

☒ Stella Reddy had NO FEAR at the time...

when she was telling her friends and family how she was going to sit in the lobby, pointing and laughing while watching our family move out on Facebook.

☒ Stella Reddy had NO FEAR at the time...

when she called out to [REDACTED] from her 4th floor balcony when he was leaving the building, trying to get his attention and to provoke a response while she tried to secretly recorded him on her phone.

☒ Stella Reddy had NO FEAR at the time...

when she threw a lite cigarette at [REDACTED] when he was leaving the building and then she tried to run into her apartment before he could catch/see her.

☒ Stella Reddy had NO FEAR at the time...

when she came to the Divisional Court and was sitting in the courtroom, laughing and giggling with her sister [REDACTED] and her husband [REDACTED] during our family's Appeal hearing.

☒ Stella Reddy had NO FEAR at the time...

when her and [REDACTED] and [REDACTED] posted the Divisional Court Decision in the locked Community Board in the lobby of the building in their attempts to trying to embarrass and humiliate our family with other tenants.

☒ Stella Reddy had NO FEAR at the time...

when posting on her website last week, another threat of physical violence against our family “ I'll wait till they come back here again.. taking matters in my own hands with [REDACTED] and teach them some of my justice. ”

☒ Stella Reddy had NO FEAR at the time...

when (we suspect) she dropped a stone off her 4th floor balcony during the night and hit the hood of our brand new 2018 Qash Qui that left a dent.

This explains why Stella Reddy refused to give our family parking around back of the building. Instead she would

make us park upfront in visitor parking, under her 4th floor balcony so she could vandalize our car.

☒ Stella Reddy had NO FEAR at the time...

when she used [REDACTED] as a prop at the LTB public hearing to prove that she was not racist.

☒ Stella Reddy had NO FEAR at the time...

when she proudly compared [REDACTED] “ dark ” complexion during a SJTO/LTB public hearing to another individual in her family to prove she was not racist.

☒ Stella Reddy had NO FEAR at the time...

when she called our children the racist slur “ Mulato ” outside a public restaurant and at the SJTO/LTB public hearing.

☒ Stella Reddy had NO FEAR at the time...

when she proudly uses the slur and derogatory term “ Newfie ” numerous times during a SJTO/LTB public hearing and in her emails, social media and on her website.

☒ Stella Reddy had NO FEAR at the time...

when she threatens our family with civil lawsuits.

☒ Stella Reddy had NO FEAR at the time...

when she threatened physical violence against ██████████ to the SJTO/HRTO about go to prison if they do not “ DO SOMETHING ABOUT THIS ASS OR I WILL, PRISON OR NOT. ”

☒ Stella Reddy had NO FEAR at the time...

when she created an unauthorized blog under ██████████ identity, making deliberate false and vindictive statements on his behalf.

☒ Stella Reddy had NO FEAR at the time...

when she was posting pictures of our children and our car on her website, telling potbelly landlords not to rent to our family, in her attempt to to make our family homeless.

And the list can go on and on, as there is no shortage of Stella Reddy’s NO FEAR moments. It is all document with

evidence in the SJTO/HRTO file.

And yet, Stella Reddy can not find one piece of material/evidence that our family has ever threatened or even implied

any harm to her and her family. Despite all the prejudice things she said and done to our family over the years.

The funniest part of all this is that Stella Reddy told the SJTO/HRT0 that she needed to have a Summary Hearing via

phone because she was so fearful of our family, and the SJTO/HRT0 conveniently bought right into it.

You gave Stella Reddy what she wanted without any proof ever being offered by her to justify her request.

And now Stella Reddy again wants something and as previous patterns and habits go with Stella Reddy. She is going

to try her luck again with the SJTO/HRT0 and her – play the pity card, and the I'm so scared routine to get what she

wants.

Stella Reddy figures she suckered the SJTO/HRT0 into believing it once, she can do it twice!

But do Stella Reddy's fabricated claims of fear of our family really warrant her scared pity story? NO!

It appears more like that Stella Reddy loves the idea of trying to antagonizing our family, the whole time looking for a

response.

People who are legitimately scared of people don't go out of their way to..

- kick the hornet's nest,

- poke the bear, or

- wake up the sleeping giant.

But here is scared little Stella Reddy doing all of the above, and then putting on a big show about how she is so

frightened of our family and the retribution that we MIGHT do to her based on what? ABSOLUTELY NOTHING!!!

What Stella Reddy is truly afraid of is having to go to trial or having a hearing where she has to appear in person

(hence her request for a Summary Hearing via phone).

Where Stella Reddy would have to then explain everything in person, having to try and explain away all of her

discriminatory behaviour, all of her racist remarks and actions and the endless amounts of lies she got caught telling to

the SJTO/HRT0 and the world.

Stella Reddy's biggest fear is appearing in person, because she can not hide behind her computer monitor and ignore

the facts. She can't just sit back and take her time while in person trying to think of excuses until she gets one that

she likes. Stella Reddy is a horrible liar, and even worse when trying to lie on the fly.

This is what Stella Reddy is really afraid of...

You see Stella Reddy loves to deliberate lie and use exaggerations based on absolutely NOTHING in her attempt to

embellish and portray our family as a group of crazy lunatics that are unpredictable, unstable and violent.

But this is not the end of Stella Reddy and her unlawful and fearless behaviour. Stella Reddy has now use

██████'s identity again, this time to try and illegally obtain a 2nd set of mailbox keys to our families mailbox on ██████
